More information

Automotive Mobility Solutions Zone

A showcase of innovations in automotive manufacturing, aftermarket, and the EV service ecosystem, complemented by a series of related conferences.

- Electrification
- Automotive manufacturing and Industry 4.0
- AI-enabled mobility and service
- Circularity and sustainable tech operations

Supply Chain Collaboration Forum

A dialogue amongst local and overseas automotive players including carmakers, OEM suppliers, tech firms, and aftermarket providers for strategic collaboration on regulation, government incentives, local production, and supply chain integration in Indonesia.

Tech & Skills Workshop

The combination of theory and hands-on training helps workshops to enhance efficiency, sustainability, and modern automotive services.

- Electric vehicle safety and diagnostics
- Digital and smart technology integration in modern workshops
- Eco-friendly repair techniques
- Advanced diagnostics and precision maintenance

Drive Expo Jakarta will be co-located with Automechanika Jakarta with a diverse array of vehicles including passenger cars, electric models, motorcycles and commercial vehicles on display, tailored for the rapidly growing logistics and transportation sectors.

Experience autoFEST@JKT, with signature highlights blending entertainment, lifestyle, and culture. Enjoy immersive activities designed to engage visitors, celebrate automotive passion, and create unforgettable moments in a vibrant festival atmosphere.

Auto Service Day

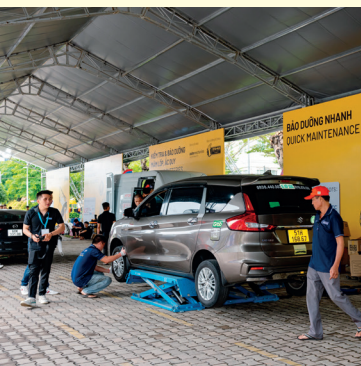

Drive in for a free vehicle inspection. The initiative promotes the awareness and importance of repair and maintenance, and car care through the provided services and expert advice.

Time Attack

Join a thrilling race where drivers compete against the clock on a controlled track, showcasing speed, precision, and performance in an exhilarating motorsport spectacle.

Signature Car Zone

Discover the ultimate line up of vehicles featuring classic cars, customised cars, and modifications setting a new standard of excellence.
